Re: FY 2021 Greenhouse Rates- new rate increase

The UO Greenhouse Core Facility Faculty Advisory Committee (FAC) met with the Greenhouse Director. And along with Research Core Business Services (RCBS) assistance, the FY21 costing was reviewed including costs and facility usage levels. Under the new RCF funding model, the Greenhouse facility is projected to have a deficit close to 8k. The FAC decided to keep the same rates. These rates are in alignment with other university rates based on a facility survey. If you have any questions regarding the rates, please don't hesitate to send an email to Susan Belcher at sbelcher@uoregon.edu, or call 541-346-4550.
